

CLIENT : *Welsh Development Agency*

LOCATION : *St Asaph Business Park, Wales*

PROJECT DATE : *Sept 2003 - April 2007*

Europe's largest CIS PV installation was designed and installed by PV Systems at the Welsh Development Agency, St Asaph Optic project.

PV Systems worked with Percy Thomas Architects, and Shepherd Construction on this landmark project.

The project was supported by the Welsh Assembly Government and the Welsh Development Agency.

SYSTEM DESCRIPTION

- 1000m² area
- 2400 Shell CIS panels.
- Mounted over a curved standing seam roof / facade.
- System peak output 85kWp
- The PV is mounted using an EETS Ltd engineered mounting system.
- The project was mounted by EETS Ltd as part of the DTI 'Large Scale Field Trial Programme.'
